# WHAT'S NEXT?

Technology provides opportunity and as organisations adapt there is an undoubtable feeling of optimism. As we see the successes of the new world embedded into our operations and organisations, we ask, what's next?

At Trailblazing Tech 2022 we'll be embracing the big topics and debugging the buzzwords. We will be discussing developments in fintech and cyber security, analysing the impact of omnichannel on retail and digital marketing, exploring how businesses are using technology to leverage their sustainability ambitions and addressing the divide in healthcare technology.

We'll hear from keynote speakers and panellists and there will be live demonstrations.

Trailblazing Tech promises to be engaging and insightful, and there promises to be something for everyone in every sector.

## Get Involved

Showcase your brand, contribute to our panels and expert sessions, benefit from editorial features across our marketing channels, invite clients and prospects, take advantage of virtual and in-person networking and more.
